PRESS RELEASE FOR IMMEDIATE RELEASE
June 24, 2016

PA FOUNDATION COMES TOGETHER TO SUPPORT ORLANDO TRAGEDY

#PrayForOrlando

Chicago, IL, June 23, 2016– As weeks pass since the Orlando tragedy the devastation still weighs heavy on all of us. In effort to support PA Member Downtown Produce and the Orlando community, the PA Foundation collectively donated \$6,290 to the OneOrlando Fund. The PA Foundation and Produce Alliance Team continues to support the community as well as the victims and families of the Pulse tragedy. Thank you to everyone who has donated.

In 1996, Produce Alliance, LLC. pioneered representing customers to the premier grower/shipper community, providing access to the highest quality fresh produce under contracts which assured supply while managing cost and risk.

Today, they specialize in providing fresh produce procurement and distribution services to food service clients across North America, the Caribbean and beyond. Managing an alliance of 50+ independently-owned specialty distributors of fresh products, with combined produce sales of over \$4 billion annually. Each are carefully selected using the most rigorous qualification criteria. They commit to full compliance with the PA audited distribution, purchasing, and category management programs designed for client success.
